

Next-generation,
high speed alternative
to Fibre or DSL*

Quick to install
connectivity
**providing a fast,
reliable Internet
experience**

*Subject to area coverage

*T&Cs apply

Why is Fixed MTN LTE-A for me?

- Quick install time when compared to **fixed line connectivity**
 - Capped Data account: no bill shock and easy to add top-ups
 - Any-Time and Night Surfer Data available. Night Surfer Data is available from Midnight to 6am
 - *MTN Approved router is required for the Service to work
 - Available in all MTN Fixed LTE-A coverage areas
 - Month-to-month contracts available to suit any budget
 - MTN SIMs are geo locked and the service cannot be accessed when the SIM is moved to a different location
- *Approved router list is available under FAQs on the Vox website
